

CDS-ES

CERTIFIED
DATA SCIENTIST
EVALUATION SYSTEM

Date 20/02/2025

Candidate ID DS- 3770553

Issued by Data Talent

Name, Surname

VASIF ASADOV

Date of birth

20.09.2000

Sex

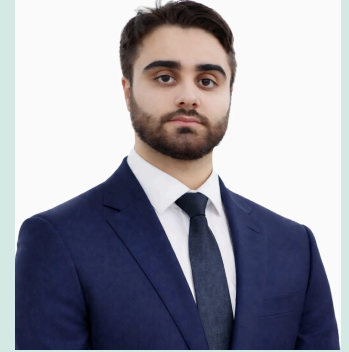

Male

Country of Nationality

Azerbaijani

First Language

Azerbaijani

Test Result

Technical **93.71**

Experience **92.6**

Interpersonal skills **67.8**

Overall **84.70**

Note: It is recommended that the candidate's data science skills as indicated in this Test report form be reassessed after two years from the written date above.

Signature:

Data Talent Testing Center

50 Fundamental awareness

Able to cleansing of small-unstructured data and enabling analytical capability in order to query the data and address various business needs. Interacts with and may influence immediate colleagues

50 Intermediate

Familiar with the wide range of mainstream commercial and open source data science tools, their constraints, advantages and areas of application. Has fundamental awareness of data cleaning, visualization, predictive analytics and machine learning algorithms. May contribute fully to the work of teams.

70 Senior

Has fully operational command of R or Python programming languages and several other commercial data science tools. Has problem-solving approaches in order to blend data science expertise, business intuition and programming capabilities with his/her work to apply these for data acquisition, preprocessing, modelling, machine learning, model evaluation and deployment. Communicates effectively at all levels to both technical and non-technical audiences.

80 Expert

Has substantial data science knowledge and experience working on full-life cycle data science practices and has outstanding optimized problem-solving approaches in order to blend data science expertise, business intuition and programming capabilities. Demonstrates leadership and engages or works with data specialists as necessary. Able to use R and Python programming languages and multiple commercial tools and able to create data driven management solutions to separate business problems.
